User Documentation

Note: This product is distributed on a 'try-before-you-buy' basis. All features described in this documentation are enabled. The registered version does not insert a watermark in your generated Flash Flip Books.

About Flip PowerPoint

Convert PowerPoint, Image and scanned files to Digital Magazines, Newspapers, Advertisements, Catalogues, Brochures, Instructional Manuals, Newsletters, Annual Reports, Direct Mail Advertising, and MORE!!

Flip PowerPoint allows you to build professional flash flip Books with the "page turning" effect for both online and offline use in minutes from PowerPoint slides, you don't need any additional software. Import your PowerPoint Presentation, configure book look&feel and convert. This is the best way to create digital (electronic) editions such as any type of publications, magazines, brochures and catalogues. Digitally publishing your documents has never been so easy and affordable.

Main Features

Independence

You are not tied to the other's servers and per-pages costs. All flip book files are stored on your server and you do not depend on anybody

Simplicity

The system requirements to your site are minimal. You do not need PHP, ASP, mySQL or any other server applications to be installed. You do not need programming skills. The installation procedure is just a files copying on the server.

Flexibility

The interface can be almost completely customized. Flip PowerPoint can be easily integrated to any existing design and brand style. You can use a great variety of book interface settings.

Customizable

Change the colors or background image to match your needs.

Using Flip PowerPoint

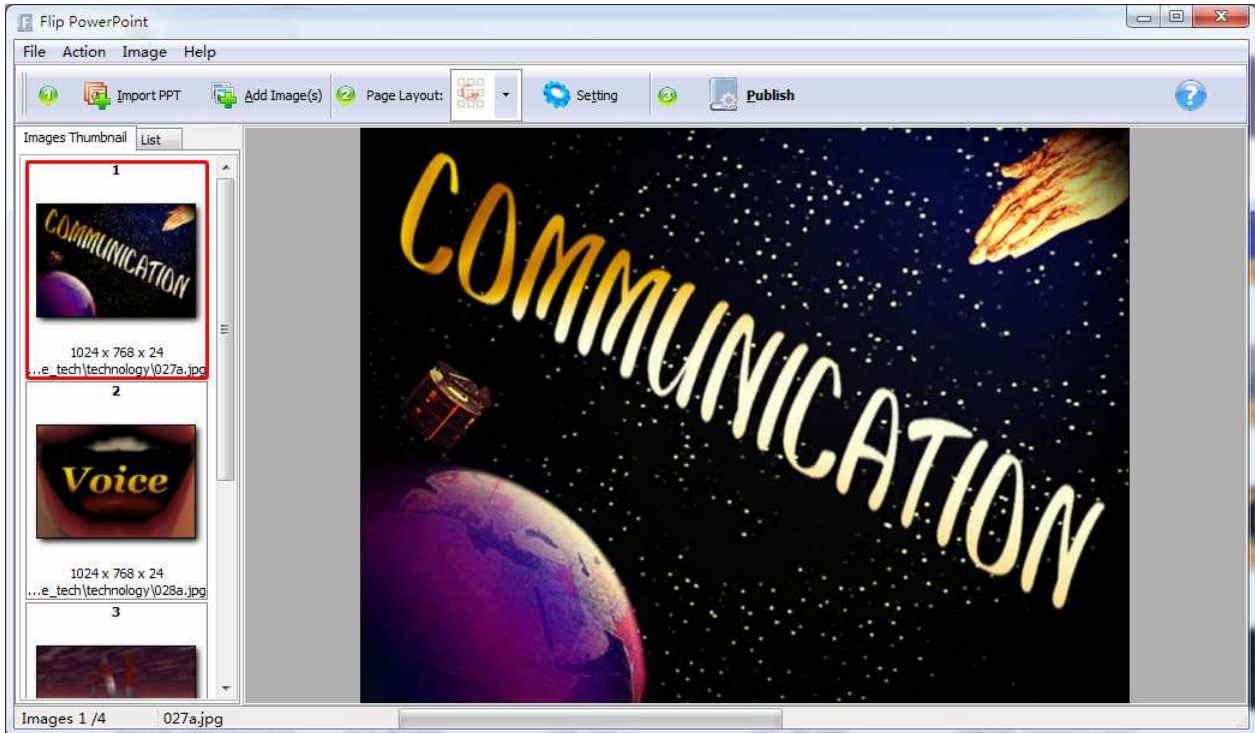

Flip PowerPoint can be started either by launching the application via a desktop shortcut, or directly from within Windows/Windows Explorer. 

When you start the program, you will be presented with the primary screen from.

User Documentation

Import PowerPoint

Clicking the **Import PowerPoint** icon , will open the standard file browse and select window. From that window you can navigate to the folder and find the PowerPoint you want to add to the list (**Slide Thumbnail**) to be converted from.

Adding Images

Flip PowerPoint also allow you to convert image to flip book.

Clicking the **Add Image** icon , or selecting **File** then choosing **Add Image** will open the standard file browse and select window. From that window you can navigate to the folder and find the images you want to add to the list (**Image Thumbnail**) to be converted from.

Alternatively, if you are using Windows Explorer to locate image files, you have the convenience of being able to 'drag and drop' image files into the **Image Thumbnail** list.

User Documentation

A-PDF Image to PDF even allows you to select all files in a particular directory/folder by using the **Add a Directory** option from the **File** menu! Add a directory also supports sub-folders.

Each added image is displayed in the Flip PowerPoint left window: **Image Thumbnail**, as seen in the example right. You can view any of the images in the window by 'clicking' them. That will display image files in right View window. You can sort the images in **Image Thumbnail** by clicking the pop-up menu "**Sort by size**". Or you can change an image or multiple images order by 'drag and drop' image files in the **Image Thumbnail**. You also can select an or multiple images in the **Image Thumbnail** list, then click the **Move up** item to move selected image(s) to previous position from the **Action** menu; click the **Move down** item to move selected image(s) to next position from the **Action** menu. IF you want to delete selected images in the **Image Thumbnail**, you can click the **Remove** item or you can clear all images in the **Image Thumbnail** by clicking the **Clear** item from the **File** menu

Select Layout and Preview

Select  to change PowerPoint Slides Page layout.

Convert PowerPoint Slides to Flash Flip Book (Page turn effect)

Click the **Publish** to convert all of PowerPoint Slides in the document windows to Flash Flip Books.
