

Note: This product is distributed on a "try-before-you-buy" basis. All features described in this documentation are enabled. The registered version does not insert a watermark in your generated Flash Flip Books.

About A-PDF to Flipbook for iPad

A-PDF to Flipbook for iPad is a page flip animation book maker. This software can help you to publish flash book with turning page effect from ordinary PDF files. And you and your readers can view the output pageflip PDF book on iPad.

And this page turn software provides you with a series of configurable settings to customize book style based on selected template. Besides, you can share the flip book with others easily.

Main Features

Import Settings

1. Page range: You can import all pages or custom range pages.
2. Page quality selection: There are 5 quality and size for you to output flipbook. High values produce better page quality but require more disk space and more time to download.
3. Import bookmark: Import table of contents of the original PDF files.
4. Import links: Generate original page links, web links and e-mail links to the flip book.

5. Enable search: Search content within the flip book easily.

Customizable Features

1. Brand the flip animation book with corporate logo.
2. Define book title for the page flip book.
3. Enable or disable buttons: share, thumbnail, zoom and auto flip.
4. Show share button so that readers can share your pageflip PDF book with ease.
5. Show thumbnail button to let readers navigate the book more conveniently.
6. Enable zoom function to help readers view flip book with clear vision.
7. Use auto flip instead of flipping page manually.
8. Select background color and page background color.
9. Choose background image file as the flipbook background.
10. Choose hard cover for the page turning book.
11. Set book margins for the flipping book.
12. Open window in blank or self window.
13. Add Google Analytics ID to collect statistics of the flip book.

Two Selectable Output Forms

A-PDF to Flipbook for iPad allows you to publish iPad-supported flip book in two formats: ZIP and HTML. Packaging in ZIP file enables you to send it to others with ease. And once you publish HTML flip book, your

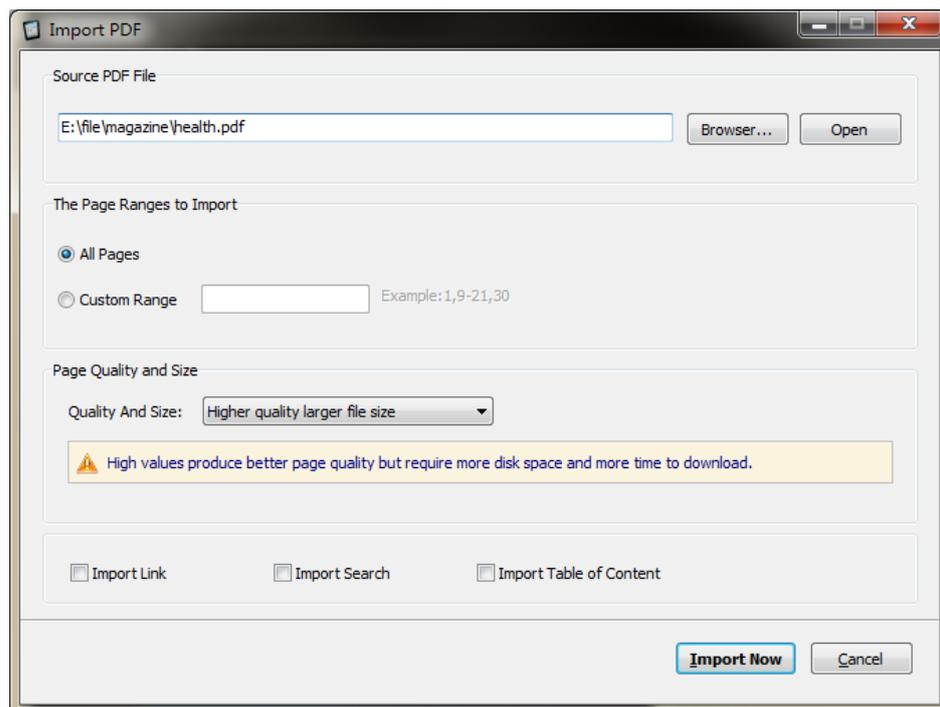

readers can access to it with iPad via Safari Browser.

Quick Start:

1. Launch the program via shortcut ;
2. Click  Import PDF to import PDF file;
3. Define parameters for PDF flipping book, such as logo, background, book margins, and then click the "Apply Change" icon ;
4. Click "Convert to Flipping Book" icon  to enter into Output interface;
5. Choose Output Type from HTML and ZIP.

Interfaces:

Import Settings Interface:

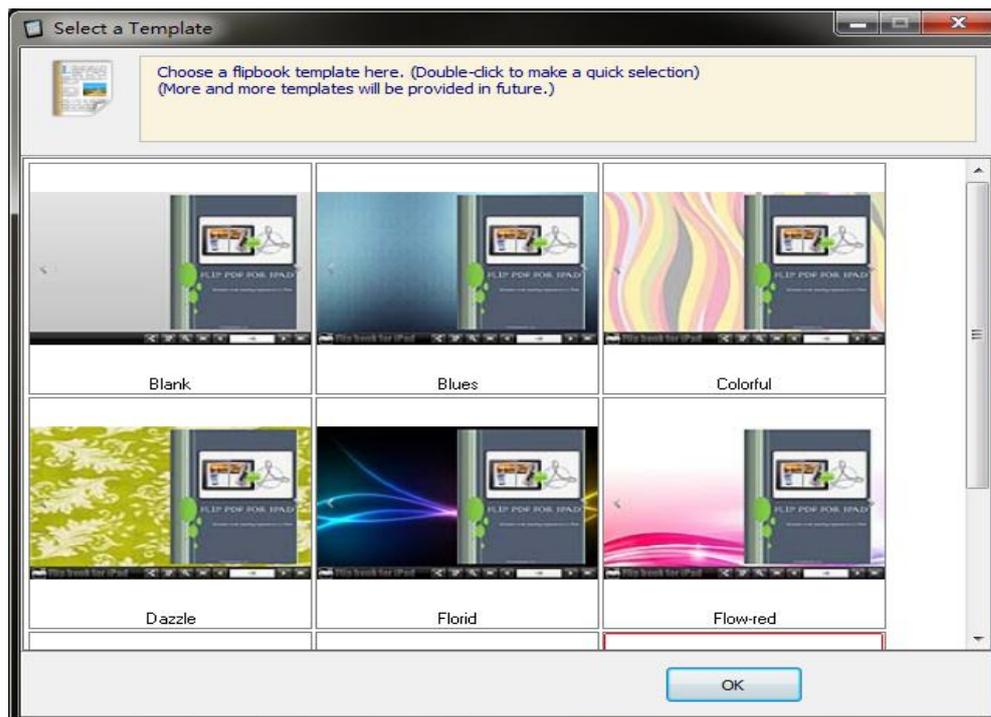

1. Click button  to browse PDF file;
2. If you are not sure the file is the one you want to convert, click  to view it;
3. Import All pages or Custom range pages (define range);
4. Select page quality from 5 quality and size to output flip book;
5. Enable "Import bookmark" to import table of contents of original PDF;
6. Import links (web links, e-mail links) of original PDF;
7. Enable search to search content within the flip book.
